Phase VI of Greenspire Apartments added 6 new ground-up buildings and 96 new apartment units to the Greenspire Development. This new phase is situated around the gorgeous Hampton Lake and adds over 11,000 SF of new garage and parking to the community.

The new apartments featured beautiful wetland and natural views, 9-foot ceiling heights with vaulted ceilings on the third floor, and upgraded granite finishes throughout. The new units also feature unit washers and dryers, large windows to maximize natural light, and large closets. Some units also feature luxury tile and tempered glass showers more commonly found in high-end homes.
