AVB was thrilled to be chosen as Mattawan Consolidated Schools construction partner to complete the remodel of their former Later Elementary building into the Early Childhood Education Center, district administration offices, and community connection spaces.

As part of the 2018 Bond Approval, the updated space features engaging carpet tiling, new gymnasium flooring, locker rooms, storage space, administrative offices and conference rooms, media room and integrated art room, as well as new classrooms for special education, young fives, and pre-school ages.

BUILD SOMETHING BETTER.
