487 Portage Street  
Kalamazoo, MI 49007

AVB was thrilled to be chosen as the construction management partner to help the owners of Nonla Burger, a local Kalamazoo restaurant, expand their operations into Corner@Drake. The new restaurant features a local artist's mural and art throughout the interior, as well as full commercial kitchen, and drive-thru.

AVB is proud to have completed this 4,000 square foot restaurant on time and on budget. AVB procured all the kitchen equipment, typically a service the owners would perform. This required an extensive amount of coordination between the owners and suppliers to ensure the correct equipment was purchased and ordered on time.

BUILD SOMETHING BETTER.
