Birmingham, MI 48009

A leader in the orthopedic market, Stryker is one of the foremost medical product and service companies in the world. This 80,000 square foot brick and glass building is the world headquarters for this Fortune 500 company. The building features offices, and tech-savvy conference rooms, complex envelope, structure and MEP systems as well as a curtain-wall enclosed atrium.

AVB worked closely with the Kalamazoo/Battle Creek International Airport and the FAA to facilitate the location of this building adjacent to the airport.
