AVB partnered with the architectural talents of Yamasaki Associates to construct this Class A, 3-story office building in the City of Portage with fronting on the I-94 corridor. The 80,000 square foot 750 Trade Center building features high-class materials, paired with modern technologies to provide for additional security and efficiencies. There have been several tenant build-out offices including Plante Moran, Stryker, and Blue Cross Blue Shield. In addition to the office space this building also features a common fitness center for all tenant employees.
